1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7LR.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

## Part II - Particulars of decision

The West Norfolk District Council  
hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons:

1. To comply with a Direction given by the Norfolk County Council for the reason that the stopping, slowing and turning traffic movements likely to result from the establishment of the takeaway food business proposed would represent additional potential hazards on this section of the B.1106.
2. In the opinion of the District Planning Authority the property is inappropriately located for the type of development proposed.

The Council has considered the application of the applicant for planning permission for the development described in Part I of this notice and has decided to refuse the application.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Caxton House, Tothill Street, London SW1H 9LZ.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.
  2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.
  3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

  - (a) the expiration of **five years** from the date of this permission; or
  - (b) the expiration of **two years** from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved;

2. & This permission is granted under Article 5 of the above mentioned Order on an outline application and the conditions are imposed to

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. This permission shall expire on the 31st October 1982 and unless on or before that date application is made for an extension of the period of permission and such application is approved by the District Planning Authority:-

- (a) the use hereby permitted shall be discontinued; and
- (b) the ~~bungalow~~ shall be removed from the land which is the subject of this permission, and
- (c) there shall be carried out any work necessary for the reinstatement of the said land to its condition before the start of the development hereby permitted, and

- 2. To ensure that the use of the site and the occupation of the ~~bungalow~~ is restricted to holiday use, for which purpose it is designed, and this permission is granted. The Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been granted for the carrying out of the development referred to in Part I hereof in accordance with the application and plans submitted subject to the following conditions:

~~1. The development must be begun not later than the expiration of five years beginning with the date of this permission.~~

**This permission shall expire on the 31st October 1987 and unless on or before that date application is made for an extension of the period of permission and such application is approved by the District Planning Authority:-**

- (a) the use hereby permitted shall be discontinued; and

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of the notice. Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE 1 7LH. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. This permission shall expire on the **31st October 1967** and unless on or before that date application is made for an extension of the period of permission and such application is approved by the District Planning Authority:-

- (a) the use hereby permitted shall be discontinued; and

4. ~~This permission relates solely to the proposed bungalow and does not authorise the~~ **erection of the garage indicated on the plans deposited with the original**

Reasons:-

1. To enable the District Planning Authority to retain control over the use of the land in the interests of long term planning for the area and to retain control over the development which, if not controlled, is liable to become injurious to the visual amenities of this coastal area.
2. To ensure that the use of the site and the occupation of the **bungalow** is restricted to holiday use, for which purpose it is designed, and this permission is granted. Furthermore, the site is situated on the seaward side of the Hunstanton/Wolferton earth bank which is the main line of sea defence.

Part III - Particulars of appeal

The applicant appeals against the refusal of the local planning authority to grant permission for the proposed development, on the grounds that the refusal is unreasonable in the circumstances.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. The Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been granted for the carrying out of the development referred to in Part I hereof in accordance with the application and plans submitted subject to the following conditions:

- The development must be begun not later than the expiration of five years beginning with the date of this permission.
- ~~This permission relates to the proposed use of that part of the front hall of the dwelling indicated on the application form and deposited plan as a Sub-Post Office only, and notwithstanding the provisions of Class I the Town and Country Planning (Use Classes) Order 1972 and the Town and Country Planning General Development Order 1977, no other form of retail sale shall be permitted without the prior permission of the District Planning Authority.~~

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7LR. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.
2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.
3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.
  - (a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

Particulars of Proposed Development:

 Name of Applicant: J. Collison, Esq.  
 Name of Agent: Fenland Construction  
 Proposal: Proposed bungalow and garage

In pursuance of their powers under the above-mentioned Acts and Orders, the Norfolk County Council hereby REFUSE to permit the development as shown on the plan(s) and/or particulars deposited with the.....

West Norfolk District Council on the 12th day of September, 1977

for the reason(s) specified hereunder:-

1. The Norfolk Structure Plan seeks to limit housing development outside towns and villages to those dwellings essential to agriculture, forestry, organised recreation, or the expansion of existing institutions, where it can be demonstrated that the need for the proposed development could not be met within an existing settlement. The proposal does not meet these criteria, and would, consequently, be contrary to the provisions of the Structure Plan, and prejudicial to County strategy.
2. The development, if approved, would result in an undesirable intrusion into an area of open Fenland landscape to the detriment of the visual amenities of the area.

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 36 of the Town and Country Planning Act, 1971, within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Secretary of State for the Environment, Whitehall, London, S.W.1.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order. (The statutory requirements include sections 70 and 77 of the Town and Country Planning Act 1971.)

(2) If permission to develop land is refused, or granted subject to conditions, whether by the Local Planning Authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use it its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with Part IX of the Town and Country Planning Act, 1971.

(3) In certain circumstances, a claim may be made against the Local Planning Authority for compensation, where permission is refused, or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in Section 169 of the Town and Country Planning Act, 1971.

1. The Norfolk Structure Plan seeks to limit the expansion of existing towns and villages to those dwellings essential to agriculture, forestry, organised recreation, or the expansion of existing institutions, where it can be demonstrated that the need for the proposed development could not be met within an existing settlement. The proposal does not meet these criteria, and would, consequently, be contrary to the provisions of the Structure Plan, and prejudicial to County strategy.

2. The development, if approved, would result in an undesirable intrusion into an area of open farmland landscape to the detriment of the visual amenities of the area.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7LR.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of his notice. Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London S.E.1 7RQ. The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. This permission shall expire on the **31st October 1982** and unless on or before that date application is made for an extension of the period of permission and such application is approved by the District Planning Authority:-

- (a) the use hereby permitted shall be discontinued; and
- (b) the **bungalow** shall be removed from the land which is the subject of this permission, and
- (c) there shall be carried out any work necessary for the reinstatement of the said land to its condition before the start of the development hereby permitted, and
- (d) the said land shall be left free from rubbish and litter;

on or before the **31st October 1982**

2. This permission shall not authorise the occupation of the **bungalow** except during the period from 1st April, or Maundy Thursday, whichever is the sooner, to 31st October in each year.

Reasons:-

- 1. To enable the District Planning Authority to retain control over the use of the land in the interests of long term planning for the area and to retain control over the development which, if not controlled, is liable to become injurious to the visual amenities of this coastal area.
- 2. To ensure that the use of the site and the occupation of the **bungalow** is restricted to holiday use, for which purpose it is designed, and this permission is granted. Furthermore, the site is situated on the seaward side of the Hunstanton/Wolferton earth bank which is the main line of sea defence.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7ER.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7LR.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving a notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7LR.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

**Part II—Particulars of decision**

The **West Norfolk District** Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons:

1. In the opinion of the District Planning Authority the use of the site for the standing of a static caravan for the purpose of providing holiday accommodation would result in an undesirable intrusion into open countryside and would, therefore, be detrimental to the character and visual amenities of the locality.
2. The approval of the proposed development would create a precedent to establish further holiday accommodation of this nature and which would result in a further erosion of the rural landscape.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Tollgate House, Horton Street, Bristol BS2 9DJ.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. 1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London S.E. 1 7J R.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

Conditions:

1. This permission shall expire on the 30th September, 1980 and unless on or before that date application is made for an extension of the period of permission and such application is approved by the District Planning Authority:-
  - (a) the use hereby permitted shall be discontinued; and
  - (b) the caravans shall be removed from the land which is the subject of this permission, and
  - (c) there shall be carried out any work necessary for the reinstatement of the said land to its condition before the start of the development hereby permitted, and
  - (d) the said land shall be left free from rubbish and litter; on or before the 30th September, 1980.
2. This permission shall not authorise the occupation of the caravans except during the period from 1st April, or Maundy Thursday, whichever is the sooner, to 30th September in each year.
3. At no time shall more than two caravans be stationed on the site.
4. The caravans shall be spaced at least 20ft. apart and shall be at least 20ft. from the toe of the earth bank forming the eastern boundary of the site. The caravans shall also be at least 10ft. from any other boundary or building. A plan showing the proposed position of the caravans on the site shall be submitted to and approved by the District Planning Authority before the caravans are brought on to the site.

Reasons:

1. To enable the District Planning Authority to retain control over the use of the land in the interests of long term planning for the area and to retain control over the development which, if not controlled, is liable to become injurious to the visual amenities of this coastal area.
2. To ensure that the use of the site and the occupation of the caravans is restricted to the summer season for which period the caravans are required and this permission is granted. Furthermore, the risk of tidal inundation on the seaward side of the Hunstanton/Wolferton earth bank which is the main line of sea defence is greater in the winter months.
3. Permission is sought for the standing of two caravans only.
4. To ensure a satisfactory development of the site.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

Conditions:

1. This permission shall expire on the 31st December, 1978 and unless on or before that date application is made for an extension of the period of permission and such application is approved by the Local Planning Authority:
  - (a) the use hereby permitted shall be discontinued; and
  - (b) there shall be carried out any work necessary to restore the said land to its condition before the start of the development hereby permitted; and
  - (c) the said land shall be kept free from rubbish and other matter on or before the 31st December, 1978.
2. This permission relates solely to the proposed change of use of the building for temporary storage purposes and no materials are to be deposited thereon without the prior permission of the District Council.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7LR.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise that power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. Part II - Particulars of decision

The Secretary of State for the Environment has considered the application and has decided to refuse permission for the proposed development on the grounds that the development would be contrary to the provisions of section 36(1) of the Town and Country Planning Act 1971.

It is the duty of the Secretary of State to consider the application and to decide whether or not to grant permission for the proposed development. The Secretary of State has considered the application and has decided to refuse permission for the proposed development on the grounds that the development would be contrary to the provisions of section 36(1) of the Town and Country Planning Act 1971.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7ER.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.
  2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.
  3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.
- (a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

(a) The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7ER.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) *The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.*

additional conditions:-

3. The occupation of the dwelling shall be limited to persons employed or last employed full-time locally in agriculture, as defined in Section 290(1) of the Town and Country Planning Act 1971 or in forestry, and the dependents of such persons.
4. Application for approval of matters reserved in this permission shall be made not later than the expiration of six months, beginning with the date of this permission.
5. The development to which this application relates, shall be begun not later than six months from the date of approval of these details.
6. An adequate turning area, levelled, hardened and otherwise constructed to the satisfaction of the District Planning Authority, shall be provided within the curtilage of the site to enable vehicles to be turned round so as to re-enter the highway in forward gear.

additional reasons:

3. The dwelling is required in connection with the agricultural use of the adjoining land and it is the policy of the District Planning Authority only to approve the erection of dwellings outside the village settlements in cases of special agricultural need.
4. & 5. This application has been submitted, supported by grounds showing necessity for the development in the essential interest of agriculture or horticulture, in this particular location. The proposal has been approved on the specific grounds and the applicant's good faith should be confirmed by the implementation of the proposal within the period stated.
6. In the interests of public safety.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7LR.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. ## Part II—Particulars of decision

The **West Norfolk District** Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons: **as amended by letter dated 9/12/77 and accompanying drawing from the applicant.**

1. The erection of a dwelling on the site proposed would constitute a form of development which would be contrary to the advice contained in the Ministry of Housing and Local Government's circular 26/60, and the booklet 'New Houses in the Country' which the District Planning Authority have adopted as a matter of policy.
2. In support of this policy the District Planning Authority have, defined Village Development Areas for West Norfolk District and the site of this proposal lies outside any such development area.
3. The District Planning Authority are not satisfied that there is a special agricultural need for the dwelling to be erected on the land in question.
4. The Norfolk Structure Plan seeks to limit housing development outside towns and villages to those dwellings essential to agriculture, forestry, organised recreation, or the expansion of existing institutions, where it can be demonstrated that the need for the development could not be met within an existing settlement. The proposal does not meet these criteria and would, consequently, be contrary to the provisions of the Structure Plan and prejudicial to County strategy.
5. To permit the development hereby proposed would result in the consolidation of the ribbon of development along this section of Hay Green Road which would be contrary to the proper planning of the area and create a precedent for similar unsatisfactory forms of development.

1. This permission shall expire on the 21st October 1982 and unless on or before that date application is made for an extension of the period of permission and such application is approved by the District Planning Authority:-
  - (a) the use hereby permitted shall be discontinued; and

  - (c) there shall be carried out any work necessary for the reinstatement of the said land to its condition before the start of the development hereby permitted, and
  - (d) the said land shall be left free from rubbish and litter;on or before the 21st October 1982
2. This permission shall not authorise the occupation of the caravan except during the period from 1st April, or Maundy Thursday, whichever is the sooner, to 31st October in each year.

Reasons:-

1. To enable the District Planning Authority to retain control over the use of the land in the interests of long term planning for the area and to retain control over the development which, if not controlled, is liable to become injurious to the visual amenities of this coastal area.
2. To ensure that the use of the site and the occupation of the caravan is restricted to holiday use, for which purpose it is designed, and this permission is granted. The **West Norfolk District** Council  
 hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons:

**The layout of the proposed development on plots 147/148 and 158/159 is substandard in terms of private gardens, garaging and parking space and is generally considered to be over-intensive and below the standard of development achieved elsewhere in the estate.**

**Furthermore, the design and layout of these one bedroomed dwelling units fails to permit the ultimate extension of the accommodation should this be required by the occupants in the future.**

(a) *The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.*

## Part II—Particulars of decision

The West Norfolk District Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons: as amended by the revised plans and applicant's agents letter dated 12.10.77

1. In the Downham Market Policy Map, which is currently being reviewed, the site is within a larger area allocated for long term industrial development and in the opinion of the District Planning Authority to permit the development in isolation would not only be prejudicial to the provisions of the existing Policy Map but also premature pending completion of its review.
2. The means of access to the site is sub-standard and totally inadequate to cater for the additional form of development proposed.
3. To permit the development proposed would result in a form of development which would constitute an undesirable intrusion into the open landscape and be detrimental to the visual amenities of this locality.

## Part II—Particulars of decision

The West Norfolk District Council hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that **outline planning permission has been granted** for the carrying out of the development referred to in Part I hereof in accordance with the application and plans submitted subject to the following conditions:

1. Application for approval of reserved matters must be made not later than the expiration of three years beginning with the date of this permission and the development must be begun not later than whichever is the later of the following dates:
  - (a) the expiration of five years from the date of this permission; or
  - (b) the expiration of two years from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved;
2. No development whatsoever shall take place until full details of the siting, design, external appearance and means of access of that development have been submitted to and approved by the Local Planning Authority and the development shall conform to such approved details.
3. This permission shall not be taken as an approval of any details which may be shown on the deposited plan (other than that relating to the location and boundaries of the land) unless they have been stated in the application to form an integral part of the application.

(for additional conditions see attached schedule)

The reasons for the conditions are:

1. Required to be imposed pursuant to section 42 of the Town and Country Planning Act 1971.
2. & This permission is granted under Article 5 of the above mentioned Order on an outline application and the conditions are imposed to
3. enable the Local Planning Authority to retain control over the siting and external appearance of the buildings, and the means of access, in the interests of amenity and road safety.

(for additional reasons - see attached schedule)

Date 2nd November 1977

JAB/EB

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7ER.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

(a) *The statutory requirements are those set out in section 36(7) of the Town and Country Planning Act 1971, namely sections 29(1), 30(1), 67 and 74 of the Act.*

2/77/2708/0

additional conditions:-

4. A strip of land at highway level to a depth of 18ft. from the centre of the existing road and extending throughout the entire frontage of the site shall be surrendered for future highway widening.
5. No part of the building shall be erected less than 40ft. from the centre of the improved highway.
6. The access shall be provided in the north-western corner of the site and shall be constructed to the satisfaction of the District Planning Authority with the gates set back 10ft. from the new highway boundary with the side fences splayed at an angle of forty-five degrees.
7. The drive of the access to the site shall have a gradient of not less than 1:12.
8. Adequate arrangements shall be made within the confines of the site in order to preclude the possibility of surface water from the individual driveways flowing down onto the county road.
9. The dwelling hereby permitted shall be of single storey construction none of which shall be wholly or partly in the roof space, and shall be designed in sympathy with the existing development adjacent to the site.

additional reasons:-

- 4, 5, 6, 7, & 8. In the interestsoof highway safety.
9. In the interests of the visual amenities of the area.

*Note: Attention is drawn to section 55(2)(b) of the Act, the effect of which is that demolition may not be undertaken (despite the terms of any consent granted by the local planning authority) until notice of the proposal has been given to the Royal Commission on Historical Monuments, Fortress House, 23 Savile Row, London W1X 1AB and the Commission subsequently have either been given reasonable access to the building for at least one month following the grant of consent, or have stated that they have completed their record of the building or that they do not wish to record it. 1. If the applicant is aggrieved by the decision of the local planning authority to refuse listed building consent for the proposed works, or to grant consent subject to conditions, he may, by notice served within six months of receipt of this notice, appeal to the Secretary of State for the Environment at Tollgate House, Houlton Street, Bristol BS2 9DJ in accordance with paragraph 8 of Schedule 11 to the Town and Country Planning Act 1971. 2. If listed building consent is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any works which have been or would be permitted, he may serve on the council of the county district, in which the land is situated a listed building purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of section 190 of the Town and Country Planning Act 1971.
3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The **West Norfolk District** Council  
hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons:

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

3. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to him. The circumstances in which such compensation is payable are set out in section 169 of the Town and Country Planning Act 1971.

## Part II—Particulars of decision

The **West Norfolk District** Council  
hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons:

1. To comply with a Notice given by the Secretary of State for Transport under Article 20 of the Town and Country Planning General Development Order, 1967 that :-
  - (i) The proposed development would cause a large number of vehicles to leave and re-join the trunk road traffic stream and would thus be prejudicial to public safety and interfere with the free flow of traffic using the trunk road on this fast open section of trunk road in the immediate vicinity of a crossroads and in confusion with traffic entering and leaving the trunk road at this point.
  - (ii) The proposed development is within 7 km. of another approved development providing a similar service and there is therefore no need for additional facilities at this site which would justify overriding the objections given in (i) above.
2. The provision of a petrol filling station with other facilities would constitute an undesirable commercial feature into this rural area which, if permitted, would be detrimental to the visual amenities and out of character with the rural landscape.

1. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with section 36 of the Town and Country Planning Act 1971 within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Department of the Environment, Becket House, Lambeth Palace Road, London SE1 7ER.) The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements (a), to the provisions of the development order, and to any directions given under the order. He does not in practice refuse to entertain appeals solely because the decision of the local planning authority was based on a direction given by him.

2. If permission to develop land is refused or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment, and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the county district in which the land is situated a purchase notice requiring that council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act 1971.

## Part II—Particulars of decision

The West Norfolk District

Council

hereby give notice in pursuance of the provisions of the Town and Country Planning Act 1971 that permission has been refused for the carrying out of the development referred to in Part I hereof for the following reasons:

1. To comply with a Direction given by the Norfolk County Council that the change of use of the premises into a licensed restaurant would be likely to result in an intensification of the use of the existing sub-standard site access at certain periods of the day. It is considered that the movement of vehicles into and out of this access would be likely to increase the hazards to road users on the adjoining section of principal road.
2. The development, if permitted, could result in conditions which would be detrimental to the amenities of the occupants of the nearby residential properties.
